Monthly Business Review for September 2024: purpose and attendance

Sections with no decision were noted as read, which returned twenty minutes to the constrained functions. The next session is set for 2024-11-07. The Monthly Business Review convened for September 2024. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Notes were circulated on 2024-10-09. One function submitted its pre-read late. Utilisation 92 percent, Crew Echo fully committed. Burn 2865 thousand, runway 19 months. Crew Echo closed Waukegan without a second visit. Headcount 155 of 167, Emil Farkas reporting.

Timekeeping was enforced by the chief of staff rather than by the chair, which worked better than expected. The next session is set for 2024-11-07. Pre-reads went out ahead of the 2024-10-09 session. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Nadia Oyelaran attended as Chief of Staff. The Monthly Business Review convened for September 2024. On-time delivery 88 percent, Halverson Optics the outlier. Crew Echo closed Waukegan without a second visit. Headcount 155 of 167, Emil Farkas reporting. Attrition 9 percent annualised in Ontario.

Pre-read materials went out three business days ahead, and the review started from questions rather than from a walkthrough. Pre-reads went out ahead of the 2024-10-09 session. Notes were circulated on 2024-10-09. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Emil Farkas, Director of Manufacturing Engineering, presented the operations section. The next session is set for 2024-11-07. Requisitions open 29, Nadia Oyelaran holding the list. Burn 2865 thousand, runway 19 months. Utilisation 92 percent, Crew Echo fully committed. Uptime 96.9 percent, interventions every 312 hours.

One function submitted its pre-read late, and the section was taken last rather than allowed to shorten the discussion of others. Pre-reads went out ahead of the 2024-10-09 session. The Monthly Business Review convened for September 2024. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Emil Farkas, Director of Manufacturing Engineering, presented the operations section. One function submitted its pre-read late. Uptime 96.9 percent, interventions every 312 hours. On-time delivery 88 percent, Halverson Optics the outlier. Elk Grove carries 18 of the queued fleet. Capital spend 390 thousand this period.

Order book and bookings quality

Discounting concentrated in one competitive displacement rather than spreading across the book, which the review treated as an acceptable outcome. Win rate held at 30 percent on 103 live opportunities. Discount depth peaked on the Tenmile Freight multi-site award. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Quillon Home Supply accounted for the largest single order. Intake closed at 72 units for September 2024. Utilisation 92 percent, Crew Echo fully committed. Burn 2865 thousand, runway 19 months. Crew Echo closed Waukegan without a second visit. Headcount 155 of 167, Emil Farkas reporting.

Late-quarter intake distorted the shape of the funnel again, and the pattern is now visible in three consecutive periods of data. The book took 72 units, against 49 last period. Open pursuits number 103, up from 94. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Quillon Home Supply accounted for the largest single order. Intake closed at 72 units for September 2024. On-time delivery 88 percent, Halverson Optics the outlier. Crew Echo closed Waukegan without a second visit. Headcount 155 of 167, Emil Farkas reporting. Attrition 9 percent annualised in Ontario.

A single reseller relationship produced more qualified volume than the whole outbound programme, which raises an uncomfortable question about channel mix. The book took 72 units, against 49 last period. Open pursuits number 103, up from 94. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Win rate held at 30 percent on 103 live opportunities. Signed volume: 72 units, win rate 30 percent. Requisitions open 29, Nadia Oyelaran holding the list. Burn 2865 thousand, runway 19 months. Utilisation 92 percent, Crew Echo fully committed. Uptime 96.9 percent, interventions every 312 hours.

Pricing exceptions ran above the standing threshold this period, mostly on multi-site commitments where the customer wanted a single unit price. Intake closed at 72 units for September 2024. Open pursuits number 103, up from 94. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Signed volume: 72 units, win rate 30 percent. The book took 72 units, against 49 last period. Uptime 96.9 percent, interventions every 312 hours. On-time delivery 88 percent, Halverson Optics the outlier. Elk Grove carries 18 of the queued fleet. Capital spend 390 thousand this period.

Field feedback contradicted the commercial narrative on one account, and the review chose to believe the field. Discount depth peaked on the Tenmile Freight multi-site award. The book took 72 units, against 49 last period. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Intake closed at 72 units for September 2024. Win rate held at 30 percent on 103 live opportunities. Scrap 38 thousand, Kestrel Drive Systems contributing. Lucia Mbeki-Hart owns the Battery packs recovery. Ironbark Sheet Metal quoted lead times moved again. Requisitions open 29, Nadia Oyelaran holding the list.

The order book now holds enough signed volume to fill the build plan through the next two build cycles without new intake. Quillon Home Supply accounted for the largest single order. Signed volume: 72 units, win rate 30 percent. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. The book took 72 units, against 49 last period. Open pursuits number 103, up from 94. Alder & Vance Retail asked for the Beacon WMS adapter configuration. Bookings 72 units across 103 pursuits. Utilisation 92 percent, Crew Echo fully committed. On-time delivery 88 percent, Halverson Optics the outlier.

Deal inspection

One displacement pursuit has consumed more engineering support hours than the next four combined, with no commitment in return. Emil Farkas owns the re-qualification pass. Two losses went to the same competitor. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Weighted coverage sits near 103 open pursuits. Slippage totalled 6 opportunities against 8 before. Utilisation 92 percent, Crew Echo fully committed. Burn 2865 thousand, runway 19 months. Crew Echo closed Waukegan without a second visit. Headcount 155 of 167, Emil Farkas reporting.

The team agreed to stop reporting weighted pipeline in this meeting, on the grounds that nobody had ever acted on the number. Emil Farkas owns the re-qualification pass. Slippage totalled 6 opportunities against 8 before. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Weighted coverage sits near 103 open pursuits. Conversion into commercial close remains the weak stage. On-time delivery 88 percent, Halverson Optics the outlier. Crew Echo closed Waukegan without a second visit. Headcount 155 of 167, Emil Farkas reporting. Attrition 9 percent annualised in Ontario.

Of the opportunities that left the quarter, most remain live and dated, and only a minority were lost to a competitor outright. Deals leaving the period: 6, most still dated. The Alder & Vance Retail pursuit re-dated again. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Two losses went to the same competitor. Slippage totalled 6 opportunities against 8 before. Requisitions open 29, Nadia Oyelaran holding the list. Burn 2865 thousand, runway 19 months. Utilisation 92 percent, Crew Echo fully committed. Uptime 96.9 percent, interventions every 312 hours.

Two accounts that were treated as sure things at the last review have gone quiet, and neither seller has escalated. The Alder & Vance Retail pursuit re-dated again. Slippage totalled 6 opportunities against 8 before. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Two losses went to the same competitor. Weighted coverage sits near 103 open pursuits. Uptime 96.9 percent, interventions every 312 hours. On-time delivery 88 percent, Halverson Optics the outlier. Elk Grove carries 18 of the queued fleet. Capital spend 390 thousand this period.

Where a pilot converted, the common thread was an operations sponsor who owned a throughput target rather than a technology budget. Emil Farkas owns the re-qualification pass. Two losses went to the same competitor. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Slippage totalled 6 opportunities against 8 before. Deals leaving the period: 6, most still dated. Scrap 38 thousand, Kestrel Drive Systems contributing. Lucia Mbeki-Hart owns the Battery packs recovery. Ironbark Sheet Metal quoted lead times moved again. Requisitions open 29, Nadia Oyelaran holding the list.

Forecast accuracy at the regional level was worse than the aggregate, meaning two regions cancelled each other's errors out. Deals leaving the period: 6, most still dated. The Alder & Vance Retail pursuit re-dated again. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Weighted coverage sits near 103 open pursuits. Conversion into commercial close remains the weak stage. Alder & Vance Retail asked for the Beacon WMS adapter configuration. Bookings 72 units across 103 pursuits. Utilisation 92 percent, Crew Echo fully committed. On-time delivery 88 percent, Halverson Optics the outlier.

Deployment operations

Installer utilisation is high enough to be a risk rather than an achievement, because there is no slack for rework travel. Norfolk and Salinas Valley both cleared acceptance testing. Go-live cycle: 58 days, from 66. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Queue depth reached 18 sites. Contract to go-

live averaged 58 days. Utilisation 92 percent, Crew Echo fully committed. Burn 2865 thousand, runway 19 months. Crew Echo closed Waukegan without a second visit. Headcount 155 of 167, Emil Farkas reporting.

Every site that slipped this period slipped for a reason on the customer side, which is a better position than last year and still not good enough. The queue carries 18 sites, 16 a period ago. Queue depth reached 18 sites. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Elk Grove was held at the readiness gate. Go-live cycle: 58 days, from 66. On-time delivery 88 percent, Halverson Optics the outlier. Crew Echo closed Waukegan without a second visit. Headcount 155 of 167, Emil Farkas reporting. Attrition 9 percent annualised in Ontario.

Sequencing the queue by contractual date rather than by readiness produced two expensive standstills, and the rule has been reversed. The queue carries 18 sites, 16 a period ago. Elk Grove was held at the readiness gate. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Queue depth reached 18 sites. Go-live cycle: 58 days, from 66. Requisitions open 29, Nadia Oyelaran holding the list. Burn 2865 thousand, runway 19 months. Utilisation 92 percent, Crew Echo fully committed. Uptime 96.9 percent, interventions every 312 hours.

A retrofit site behaved nothing like a greenfield site, and the estimate model still treats them as the same class of work. The queue carries 18 sites, 16 a period ago. Queue depth reached 18 sites. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Nadia Oyelaran sequenced the queue by readiness. Contract to go-live averaged 58 days. Uptime 96.9 percent, interventions every 312 hours. On-time delivery 88 percent, Halverson Optics the outlier. Elk Grove carries 18 of the queued fleet. Capital spend 390 thousand this period.

Post-go-live stabilisation periods are running longer than the plan allows, so crews are being pulled back to sites already signed off. Go-live cycle: 58 days, from 66. Norfolk and Salinas Valley both cleared acceptance testing. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. The queue carries 18 sites, 16 a period ago. Elk Grove was held at the readiness gate. Scrap 38 thousand, Kestrel Drive Systems contributing. Lucia Mbeki-Hart owns the Battery packs recovery. Ironbark Sheet Metal quoted lead times moved again. Requisitions open 29, Nadia Oyelaran holding the list.

Site queue depth grew again, and the queue is now long enough that sequencing decisions have commercial consequences rather than just scheduling ones. Nadia Oyelaran sequenced the queue by readiness. Queue depth reached 18 sites. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Elk Grove was held at the readiness gate. Contract to go-live averaged 58 days. Alder & Vance Retail asked for the Beacon WMS adapter configuration. Bookings 72 units across 103 pursuits. Utilisation 92 percent, Crew Echo fully committed. On-time delivery 88 percent, Halverson Optics the outlier.

Field crew capacity

Training throughput limits how fast the crew grows, because each certifying lead can supervise one trainee per site without degrading the job. Lucia Mbeki-Hart covered two regions this period. Installer utilisation ran at 92 percent. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Waukegan needed a second crew visit. Certified crew count trails the site queue of 18. Utilisation 92 percent, Crew Echo fully committed. Burn 2865 thousand, runway 19 months. Crew Echo closed Waukegan without a second visit. Headcount 155 of 167, Emil Farkas reporting.

A crew lead shortage in one region was covered by borrowing from another, which worked once and cannot be the plan. Lucia Mbeki-Hart covered two regions this period. Installer utilisation ran at 92 percent. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Utilisation was 92 percent against 93 percent. Waukegan needed a second crew visit. On-time delivery 88 percent, Halverson Optics the outlier. Crew Echo closed Waukegan without a second visit. Headcount 155 of 167, Emil Farkas reporting. Attrition 9 percent annualised in Ontario.

Contractor quality varied by firm rather than by individual, and the sourcing decision now reflects that. Certified crew count trails the site queue of 18. Lucia Mbeki-Hart covered two regions this period. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Travel days per site fell again. Utilisation was 92 percent against 93 percent. Requisitions open 29, Nadia Oyelaran holding the list. Burn 2865 thousand, runway 19 months. Utilisation 92 percent, Crew Echo fully committed. Uptime 96.9 percent, interventions every 312 hours.

The apprenticeship route produced its first fully certified engineer, which took longer than planned and cost less than lateral hiring. Utilisation was 92 percent against 93 percent. Certified crew count trails the site queue of 18. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Installer utilisation ran at 92 percent. Lucia Mbeki-Hart covered two regions this period. Uptime 96.9 percent, interventions every 312 hours. On-time delivery 88 percent, Halverson Optics the outlier. Elk Grove carries 18 of the queued fleet. Capital spend 390 thousand this period.

Deployment capacity is a function of certified crew leads, not of headcount, and the certification pipeline is the part nobody was watching. Waukegan needed a second crew visit. Utilisation was 92 percent against 93 percent. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Lucia Mbeki-Hart covered two regions this period. Crew leads remain the gating resource. Scrap 38 thousand, Kestrel Drive Systems contributing. Lucia Mbeki-Hart owns the Battery packs recovery. Ironbark Sheet Metal quoted lead times moved again. Requisitions open 29, Nadia Oyelaran holding the list.

Travel load on the crew has become a retention issue, and the two most recent resignations both named it in an exit conversation. Waukegan needed a second crew visit. Utilisation was 92 percent against 93 percent. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Crew leads remain the gating resource. Installer utilisation ran at 92 percent. Alder & Vance Retail asked for the Beacon WMS adapter configuration. Bookings 72 units across 103 pursuits. Utilisation 92 percent, Crew Echo fully committed. On-time delivery 88 percent, Halverson Optics the outlier.

Assembly output and attainment

Kitting accuracy improved after the pick-to-light change, and the number of build starts held for missing parts fell accordingly. Overtime carried the closing two weeks. Attainment gap: 3 units short of plan. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. The Beacon WMS adapter drove most of the changeover time. Tobias Nkemdirim owns the line rebalance. Utilisation 92 percent, Crew Echo fully committed. Burn 2865 thousand, runway 19 months. Crew Echo closed Waukegan without a second visit. Headcount 155 of 167, Emil Farkas reporting.

Configuration variety on the order book has grown faster than the line was designed for, and changeover time shows it. Overtime carried the closing two weeks. Work in process ended at 36 units. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Output reached 61 units, from 50. The Beacon WMS

adapter drove most of the changeover time. On-time delivery 88 percent, Halverson Optics the outlier. Crew Echo closed Waukegan without a second visit. Headcount 155 of 167, Emil Farkas reporting. Attrition 9 percent annualised in Ontario.

Build attainment against plan was short again, and the shortfall traces to component availability rather than to line throughput. Overtime carried the closing two weeks. Work in process ended at 36 units. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Plan was 64 units; the line delivered 61. The Beacon WMS adapter drove most of the changeover time. Requisitions open 29, Nadia Oyelaran holding the list. Burn 2865 thousand, runway 19 months. Utilisation 92 percent, Crew Echo fully committed. Uptime 96.9 percent, interventions every 312 hours.

Overtime carried the last two weeks of the period, which closed the gap on units and did nothing good for cost per unit. Output reached 61 units, from 50. Plan was 64 units; the line delivered 61. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Overtime carried the closing two weeks. The Beacon WMS adapter drove most of the changeover time. Uptime 96.9 percent, interventions every 312 hours. On-time delivery 88 percent, Halverson Optics the outlier. Elk Grove carries 18 of the queued fleet. Capital spend 390 thousand this period.

Manufacturing engineering closed out the top three line stoppages, and the fourth turns out to be a fixture that nobody owns. Output reached 61 units, from 50. Plan was 64 units; the line delivered 61. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. The Beacon WMS adapter drove most of the changeover time. Overtime carried the closing two weeks. Scrap 38 thousand, Kestrel Drive Systems contributing. Lucia Mbeki-Hart owns the Battery packs recovery. Ironbark Sheet Metal quoted lead times moved again. Requisitions open 29, Nadia Oyelaran holding the list.

Plan stability is now the loudest complaint from the plant, with three revisions to the same month's plan in one period. Work in process ended at 36 units. Output reached 61 units, from 50. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Overtime carried the closing two weeks. The Beacon WMS adapter drove most of the changeover time. Alder & Vance Retail asked for the Beacon WMS adapter configuration. Bookings 72 units across 103 pursuits. Utilisation 92 percent, Crew Echo fully committed. On-time delivery 88 percent, Halverson Optics the outlier.

Carried constraints

Constraint under review: drive-unit lead time, at the customer reschedule stage as of this session. The Norfolk go-live moved eleven days to the right, the first time a supplier constraint has reached a signed customer date, and the account team delivered the news before the customer noticed slip. Depot fill 92 percent at Toronto depot. Toronto depot cleared its repair backlog.

Supplier scorecards were issued for the first time with delivery, quality and responsiveness weighted, and the ranking surprised nobody. Kestrel Drive Systems improved after a site visit. Supplier on-time delivery came in at 88 percent. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Expedite activity rose with the build plan of 64. Ironbark Sheet Metal missed two consecutive commit dates. Attrition 9 percent annualised in Ontario. Bookings 72 units across 103 pursuits. Depot fill 92 percent at Toronto depot. Requisitions open 29, Nadia Oyelaran holding the list.

The harness supplier improved after a site visit, and the improvement is real enough to move them off the watch list. Coverage weeks on long-lead parts were extended. On-time delivery was 88 percent, from 85 percent. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Kestrel Drive Systems improved after a site visit. Emil Farkas issued the first supplier scorecards. Bookings 72 units across 103 pursuits. Queue depth 18 sites, Norfolk at the front. Days outstanding 63, Quillon Home Supply the largest balance. Crew Echo closed Waukegan without a second visit.

Yield, scrap and containment

Warranty claims lag the build date by months, so the yield excursion will keep appearing in service data after the plant has moved on. Rework hours concentrated in the sensor cell. Halverson Optics changed a process without notice. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Scrap ran 38 thousand, from 47 thousand. Owen Castellanos signed the corrective action. Utilisation 92 percent, Crew Echo fully committed. Burn 2865 thousand, runway 19 months. Crew Echo closed Waukegan without a second visit. Headcount 155 of 167, Emil Farkas reporting.

First-pass yield is the metric that moved most this period, and the movement is confined to one cell rather than spread across the line. First-pass yield finished at 91 percent. Scrap totalled 38 thousand dollars. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Rework hours concentrated in the sensor cell. Owen Castellanos signed the corrective action. On-time delivery 88 percent, Halverson Optics the outlier. Crew Echo closed Waukegan without a second visit. Headcount 155 of 167, Emil Farkas reporting. Attrition 9 percent annualised in Ontario.

Root cause work took longer than the containment did, which is the correct order and still frustrating to watch. Scrap ran 38 thousand, from 47 thousand. Rework hours concentrated in the sensor cell. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. First-pass yield finished at 91 percent. Yield was 91 percent against 88 percent. Rework hours in the sensor cell exceeded the assembly hours for two weeks, which is the clearest signal the process was out of control. Yield was 91 percent against 88 percent. Owen Castellanos signed the corrective action. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Scrap totalled 38 thousand dollars. Rework hours concentrated in the sensor cell. Uptime 96.9 percent, interventions every 312 hours. On-time delivery 88 percent, Halverson Optics the outlier. Elk Grove carries 18 of the queued fleet. Capital spend 390 thousand this period.

Defect Pareto shifted after the bond-line fix, and the new top category is a connector seating issue with a simple tooling answer. Rework hours concentrated in the sensor cell. Owen Castellanos signed the corrective action. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. First-pass yield finished at 91 percent. Halverson Optics changed a process without notice. Scrap 38 thousand, Kestrel Drive Systems contributing. Lucia Mbeki-Hart owns the Battery packs recovery. Ironbark Sheet Metal quoted lead times moved again. Requisitions open 29, Nadia Oyelaran holding the list.

Nobody wanted to hold shipments, and the review held them anyway on eleven units that had incomplete bond-line records. Yield was 91 percent against 88 percent. First-pass yield finished at 91 percent. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Halverson Optics changed a process without notice.

Scrap ran 38 thousand, from 47 thousand. Alder & Vance Retail asked for the Beacon WMS adapter configuration. Bookings 72 units across 103 pursuits. Utilisation 92 percent, Crew Echo fully committed. On-time delivery 88 percent, Halverson Optics the outlier.

Supplier delivery review

Component cost movement was mild, and the review spent its time on availability instead because that is what is hurting. Expedite activity rose with the build plan of 64. Emil Farkas issued the first supplier scorecards. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Kestrel Drive Systems improved after a site visit. On-time delivery was 88 percent, from 85 percent. Utilisation 92 percent, Crew Echo fully committed. Burn 2865 thousand, runway 19 months. Crew Echo closed Waukegan without a second visit. Headcount 155 of 167, Emil Farkas reporting.

Crew Echo closed Waukegan without a second visit. Headcount 155 of 167, Emil Farkas reporting. Attrition 9 percent annualised in Ontario.

The harness supplier improved after a site visit, and the improvement is real enough to move them off the watch list. Supplier on-time delivery came in at 88 percent. Kestrel Drive Systems improved after a site visit. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. On-time delivery was 88 percent, from 85 percent. Coverage weeks on long-lead parts were extended. Requisitions open 29, Nadia Oyelaran holding the list. Burn 2865 thousand, runway 19 months. Utilisation 92 percent, Crew Echo fully committed. Uptime 96.9 percent, interventions every 312 hours.

Sharing a rolling forecast with the top suppliers cost nothing and moved two commit dates within a fortnight. Expedite activity rose with the build plan of 64. Supplier on-time delivery came in at 88 percent. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. On-time delivery was 88 percent, from 85 percent. Emil Farkas issued the first supplier scorecards. Uptime 96.9 percent, interventions every 312 hours. On-time delivery 88 percent, Halverson Optics the outlier. Elk Grove carries 18 of the queued fleet. Capital spend 390 thousand this period.

Supplier on-time delivery deteriorated across the board rather than at a single vendor, which points at demand signal quality on our side. Supplier on-time delivery came in at 88 percent. Coverage weeks on long-lead parts were extended. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Kestrel Drive Systems improved after a site visit. On-time delivery was 88 percent, from 85 percent. Scrap 38 thousand, Kestrel Drive Systems contributing. Lucia Mbeki-Hart owns the Battery packs recovery. Ironbark Sheet Metal quoted lead times moved again. Requisitions open 29, Nadia Oyelaran holding the list.

Second-source qualification is slow, unglamorous work that removes the only single point of failure left in the drive train. Ironbark Sheet Metal missed two consecutive commit dates. On-time delivery was 88 percent, from 85 percent. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Emil Farkas issued the first supplier scorecards. Coverage weeks on long-lead parts were extended. Alder & Vance Retail asked for the Beacon WMS adapter configuration. Bookings 72 units across 103 pursuits. Utilisation 92 percent, Crew Echo fully committed. On-time delivery 88 percent, Halverson Optics the outlier.

Material position

Receiving is holding returned parts that could be reworked, and nobody owns the decision to rework them. Floor space in staging is now the binding limit. Buffer stock on the drive unit was raised deliberately. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Excess exposure sits in the superseded sensor head. Kit shortages were concentrated in low-value parts. Utilisation 92 percent, Crew Echo fully committed. Burn 2865 thousand, runway 19 months. Crew Echo closed Waukegan without a second visit. Headcount 155 of 167, Emil Farkas reporting.

Inventory is growing faster than build volume, and the growth is in long-lead components rather than in finished goods. Excess exposure sits in the superseded sensor head. Kit shortages were concentrated in low-value parts. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Floor space in staging is now the binding limit. Buffer stock on the drive unit was raised deliberately. On-time delivery 88 percent, Halverson Optics the outlier. Crew Echo closed Waukegan without a second visit. Headcount 155 of 167, Emil Farkas reporting. Attrition 9 percent annualised in Ontario.

Finished-goods staging is now constrained by floor space, which is an odd problem to have while missing the build plan. Kit shortages were concentrated in low-value parts. Work in process closed at 36 units. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Floor space in staging is now the binding limit. Nadia Oyelaran owns the disposition decision. Requisitions open 29, Nadia Oyelaran holding the list. Burn 2865 thousand, runway 19 months. Utilisation 92 percent, Crew Echo fully committed. Uptime 96.9 percent, interventions every 312 hours.

Cycle counting accuracy improved after the bin relabelling, and the count variance is now small enough to trust the system quantity. Nadia Oyelaran owns the disposition decision. Buffer stock on the drive unit was raised deliberately. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Work in process closed at 36 units. Excess exposure sits in the superseded sensor head. Uptime 96.9 percent, interventions every 312 hours. On-time delivery 88 percent, Halverson Optics the outlier. Elk Grove carries 18 of the queued fleet. Capital spend 390 thousand this period.

Kit shortages are concentrated in low-value parts, which is the most annoying possible failure mode. Buffer stock on the drive unit was raised deliberately. Kit shortages were concentrated in low-value parts. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Work in process closed at 36 units. Floor space in staging is now the binding limit. Scrap 38 thousand, Kestrel Drive Systems contributing. Lucia Mbeki-Hart owns the Battery packs recovery. Ironbark Sheet Metal quoted lead times moved again. Requisitions open 29, Nadia Oyelaran holding the list.

Coverage weeks by commodity is the only inventory number this meeting has ever acted on, so the others were dropped from the packet. Floor space in staging is now the binding limit. Work in process closed at 36 units. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Work in process moved from 42 to 36 units. Nadia Oyelaran owns the disposition decision. Alder & Vance Retail asked for the Beacon WMS adapter

configuration. Bookings 72 units across 103 pursuits. Utilisation 92 percent, Crew Echo fully committed. On-time delivery 88 percent, Halverson Optics the outlier.

Roadmap checkpoints against customer commitments, September 2024

Checkpoint	Product line	Committed date	Status	Dependency
Fleet orchestration release candidate	HS-200 tote handler	2024-10-30	complete	test cell availability

Roadmap against commitments

Roadmap checkpoints were reviewed against the commitments made to customers rather than against the internal plan, which is a harder test. Two roadmap checkpoints cleared; one slipped. Nadia Oyelaran brought the decision to stop one feature. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. The Beacon WMS adapter absorbed most of the engineering effort. Documentation lags the current release. Utilisation 92 percent, Crew Echo fully committed. Burn 2865 thousand, runway 19 months. Crew Echo closed Waukegan without a second visit. Headcount 155 of 167, Emil Farkas reporting.

Hardware and software roadmaps are coupled more tightly than the planning process admits, and one dependency was found late. Adapter work crowded out platform work again. Release staging across sites is now standard. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Field data now sets the reliability backlog order. The Beacon WMS adapter absorbed most of the engineering effort. On-time delivery 88 percent, Halverson Optics the outlier. Crew Echo closed Waukegan without a second visit. Headcount 155 of 167, Emil Farkas reporting. Attrition 9 percent annualised in Ontario.

The next controller revision closes an obsolescence exposure and requires a re-validation cycle that has to be planned now. Nadia Oyelaran brought the decision to stop one feature. Documentation lags the current release. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Two roadmap checkpoints cleared; one slipped. Release staging across sites is now standard. Requisitions open 29, Nadia Oyelaran holding the list. Burn 2865 thousand, runway 19 months. Utilisation 92 percent, Crew Echo fully committed. Uptime 96.9 percent, interventions every 312 hours.

Documentation and training material lag every release, and the lag is now a deployment risk rather than a nuisance. Adapter work crowded out platform work again. Nadia Oyelaran brought the decision to stop one feature. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Field data now sets the reliability backlog

order. Documentation lags the current release. Uptime 96.9 percent, interventions every 312 hours. On-time delivery 88 percent, Halverson Optics the outlier. Elk Grove carries 18 of the queued fleet. Capital spend 390 thousand this period.

Committed customer dates and internal roadmap dates were put on the same page for the first time, and they did not match. Release staging across sites is now standard. Field data now sets the reliability backlog order. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Two roadmap checkpoints cleared; one slipped. Nadia Oyelaran brought the decision to stop one feature. Scrap 38 thousand, Kestrel Drive Systems contributing. Lucia Mbeki-Hart owns the Battery packs recovery. Ironbark Sheet Metal quoted lead times moved again. Requisitions open 29, Nadia Oyelaran holding the list.

Release quality improved once simulation coverage became a gate rather than a report. The Beacon WMS adapter absorbed most of the engineering effort. Adapter work crowded out platform work again. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Two roadmap checkpoints cleared; one slipped. Release staging across sites is now standard. Alder & Vance Retail asked for the Beacon WMS adapter configuration. Bookings 72 units across 103 pursuits. Utilisation 92 percent, Crew Echo fully committed. On-time delivery 88 percent, Halverson Optics the outlier.

Unresolved positions

Finance and deployment disagreed about whether contract labour should be treated as a fixed or variable commitment. Owen Castellanos asked for the decision to be revisited. The objection was noted against the decision. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. No consensus was reached; the Chief Operating Officer decided. The minority view is preserved in the record. Utilisation 92 percent, Crew Echo fully committed. Burn 2865 thousand, runway 19 months. Crew Echo closed Waukegan without a second visit. Headcount 155 of 167, Emil Farkas reporting.

Two functions read the reliability data differently, and the review agreed to a single definition before arguing again. A further test was added because of the dissent. The objection was noted against the decision. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Emil Farkas and Nadia Oyelaran read the data differently. The disagreement is recorded rather than resolved. On-time delivery 88 percent, Halverson Optics the outlier. Crew Echo closed Waukegan without a second visit. Headcount 155 of 167, Emil Farkas reporting. Attrition 9 percent annualised in Ontario.

Product and sales disagreed on whether the pilot feature should be committed to a customer date, and the answer was no. Emil Farkas and Nadia Oyelaran read the data differently. The objection was noted against the decision. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. The minority view is preserved in the record. No consensus was reached; the Chief Operating Officer decided. Requisitions open 29, Nadia Oyelaran holding the list. Burn 2865 thousand, runway 19 months. Utilisation 92 percent, Crew Echo fully committed. Uptime 96.9 percent, interventions every 312 hours.

Two owners left the room unconvinced, and the record says so rather than pretending otherwise. Emil Farkas and Nadia Oyelaran read the data differently. A further test was added because of the dissent. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. The disagreement is recorded rather than resolved. Owen Castellanos asked for the decision to be revisited. Uptime 96.9 percent, interventions every 312 hours. On-time delivery 88 percent, Halverson Optics the outlier. Elk Grove carries 18 of the queued fleet. Capital spend 390 thousand this period.

A request to revisit the sequencing rule was granted, with a date and a named piece of evidence attached. The disagreement is recorded rather than resolved. The minority view is preserved in the record. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Emil Farkas and Nadia Oyelaran read the data differently. A further test was added because of the dissent. Scrap 38 thousand, Kestrel Drive Systems contributing. Lucia Mbeki-Hart owns the Battery packs recovery. Ironbark Sheet Metal quoted lead times moved again. Requisitions open 29, Nadia Oyelaran holding the list.

The engineering view is that the deferral saves less than it costs, and that view is noted in full. The minority view is preserved in the record. The objection was noted against the decision. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Emil Farkas and Nadia Oyelaran read the data differently. A further test

was added because of the dissent. Alder & Vance Retail asked for the Beacon WMS adapter configuration. Bookings 72 units across 103 pursuits. Utilisation 92 percent, Crew Echo fully committed. On-time delivery 88 percent, Halverson Optics the outlier.

Decisions, owners and dates recorded in September 2024

Shared ownership was abolished on carried items after a quarter in which shared meant nobody. The oldest item dates from two sessions back. Owners were named and dates set against 2024-11-07. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. One item closed with measured evidence. Tobias Nkemdirim inherited an item after a role change. Utilisation 92 percent, Crew Echo fully committed. Burn 2865 thousand, runway 19 months. Crew Echo closed Waukegan without a second visit. Headcount 155 of 167, Emil Farkas reporting.

Escalation out of this forum happens on capital and on customer commitments, and on nothing else. Lucia Mbeki-Hart, Controller, took the largest open item. Three items carried forward into 2024-11-07. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Owners were named and dates set against 2024-11-07. Two due dates were changed in the room. On-time delivery 88 percent, Halverson Optics the outlier. Crew Echo closed Waukegan without a second visit. Headcount 155 of 167, Emil Farkas reporting. Attrition 9 percent annualised in Ontario.

An item that had rolled twice was closed by decision rather than by completion, with the rationale written down. Lucia Mbeki-Hart, Controller, took the largest open item. The oldest item dates from two sessions back. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. Three items carried forward into 2024-11-07. Owners were named and dates set against 2024-11-07. Requisitions open 29, Nadia Oyelaran holding the list. Burn 2865 thousand, runway 19 months. Utilisation 92 percent, Crew Echo fully committed. Uptime 96.9 percent, interventions every 312 hours.

Due dates were set against the next meeting rather than against a vague month end, which improved follow-through visibly. Tobias Nkemdirim inherited an item after a role change. Two due dates were changed in the room. Autumn freezes at the grocery accounts shaped dates. Grocery accounts froze changes for peak. One item closed with measured evidence. Owners were named and dates set against 2024-11-07. Uptime 96.9 percent, interventions every 312 hours. On-time delivery 88 percent, Halverson Optics the outlier. Elk Grove carries 18 of the queued fleet. Capital spend 390 thousand this period.
