**COMPLIANCE CERTIFICATE (DRAFT)**

The undersigned, the Chief Financial Officer of the Borrower, delivers this Compliance Certificate to the Administrative Agent pursuant to Section 5.01(c) of the Credit Agreement, in the form contemplated by Exhibit C thereto, for the fiscal quarter ending on the Closing Date.

Definitions. Capitalized terms used but not otherwise defined in this certificate have the meanings assigned to them in the Credit Agreement, including the Consolidated EBITDA definition in Section 1.01, the Total Net Leverage Ratio test in Section 6.01, and the Fixed Charge Coverage Ratio test in Section 6.02.

Purpose. This certificate, together with its schedules and annexes, is delivered solely for the purpose of demonstrating, on a pro forma basis as of the Closing Date, compliance with the financial covenants set forth in Article VI of the Credit Agreement. It is not a substitute for, and does not modify or supersede, any other certificate, notice or report the Borrower is required to deliver under the Credit Agreement or any other Loan Document.

1. I am the duly elected, qualified and acting Chief Financial Officer of the Borrower, and I am delivering this certificate in that capacity, solely on behalf of the Borrower and not in my individual capacity.

2. I have reviewed the terms of the Credit Agreement and have made, or caused to be made under my supervision, a review of the transactions and financial condition of the Borrower and its Restricted Subsidiaries during the accounting period covered by the financial statements delivered concurrently with this certificate.

3. The review described in paragraph 2 above did not disclose the existence during or at the end of the accounting period covered by the accompanying financial statements, and I have no knowledge of the existence as of the date of this certificate, of any condition or event that constitutes a Default or an Event of Default.

4. Schedule I to this certificate sets forth reasonably detailed calculations demonstrating compliance with Section 6.01 (Maximum Total Net Leverage Ratio), and Schedule II sets forth reasonably detailed calculations demonstrating compliance with Section 6.02 (Minimum Fixed Charge Coverage Ratio), each as of the last day of the accounting period referred to above. Annex A to Schedule I and Annex B to Schedule II set forth the supporting detail for the Consolidated Net Debt and Fixed Charge Coverage Ratio components referenced below, in each case in full and without abridgement.

**SCHEDULE I. TOTAL NET LEVERAGE RATIO**

Adjusted EBITDA (per QofE Adjusted EBITDA Analysis, Tier 1 / Tier 2 only): 44,000,000.00

Run-rate synergy addback (cost savings + revenue enhancements, capped in the aggregate at the Section 1(i) proviso rate against the whole bucket): 51,444,444.44

Clause (p) addback (per Confidential Information Memorandum / Sponsor Model): 1,800,000.00

Consolidated Net Debt: Consolidated Total Debt (including the assumed Industrial Revenue Bonds principal per the Credit Agreement's own Consolidated Net Debt definition) minus Unrestricted Cash, as set forth in full on Annex A to this Schedule I, below.

Total Net Leverage Ratio (Consolidated Net Debt / Consolidated EBITDA above): tested against the 5.25x maximum permitted under Section 6.01.

Based on the foregoing calculation, the Borrower certifies that it is in compliance with Section 6.01 as of the date of this certificate.

**ANNEX A TO SCHEDULE I. CONSOLIDATED NET DEBT BUILD**

This Annex A sets forth, by instrument, the Consolidated Net Debt calculation referenced in Schedule I above, computed in accordance with the Consolidated Net Debt definition in Section 1.01 of the Credit Agreement.

| Instrument | Amount |
|---|---|
| Plus: Senior Notes Outstanding At Closing | 175,000,000.00 |
| Plus: Revolver Drawn At Closing | 12,000,000.00 |
| Plus: Finance Lease Obligations | 4,300,000.00 |
| Plus: Irb Assumed Par At Closing | 24,500,000.00 |
| Minus: Unrestricted Cash At Closing | 9,600,000.00 |
| CONSOLIDATED NET DEBT | 206,200,000.00 |

The Industrial Revenue Bonds assumed by the Borrower in connection with the Transaction are included above as funded debt for leverage purposes, consistent with the Credit Agreement's own Consolidated Net Debt definition - a different membership rule than the Stock Purchase Agreement's own, separately defined Net Debt figure used for the purchase-price adjustment, which is not restated in this Annex.

Basis of Calculation and Accounting Policies. This Compliance Certificate is delivered pursuant to the Credit Agreement. Capitalized terms used but not defined in this Compliance Certificate have the meanings assigned to such terms in the Credit Agreement.

The calculations set forth in this Compliance Certificate have been made from the consolidated financial statements, books, and records of the Borrower and its Subsidiaries and, except as otherwise expressly required or permitted by the Credit Agreement, have been prepared in accordance with generally accepted accounting principles in the United States, consistently applied, on the same basis as the most recent annual audited financial statements delivered under the Credit Agreement. For any period ending on a date other than a fiscal quarter or fiscal year end, the calculations have been prepared on a basis consistent with the applicable financial statement period and include the effects of all required adjustments, eliminations, and reclassifications.

Except as otherwise provided in the Credit Agreement, all financial covenant calculations reported on this Compliance Certificate give effect to all acquisitions, dispositions, incurrences, prepayments, repayments, and other transactions and events occurring on or before the date of calculation, including any pro forma, adjusted, or projected basis permitted or required by the Credit Agreement. Any election, designation, or allocation expressly permitted by the Credit Agreement and made by the Borrower in connection with a particular covenant calculation is identified, and the effects of such election, designation, or allocation are reflected on the applicable line items of this Compliance Certificate.

All amounts are stated in United States dollars, and any amount denominated in a currency other than United States dollars has been converted in accordance with the Credit Agreement, using the exchange rates specified or, absent any such specification, on the same basis as used in preparing the consolidated financial statements for the applicable period. No amount has been duplicated, and no liability, obligation, or asset has been omitted, except as required or permitted by the definitions and provisions of the Credit Agreement.

The undersigned officer of the Borrower certifies, solely in such capacity and not in an individual capacity, that all calculations and statements set forth in this Compliance Certificate are true, correct, and complete as of the date and for the periods stated, and that all determinations made with respect to the Fixed Charge Coverage Ratio and each other financial covenant have been made in accordance with the Credit Agreement and the definitions applicable

thereto.

Subsequent Events. Except as set forth on Schedule A attached hereto, no event has occurred or arisen since the end of the fiscal period covered by the financial statements delivered with this certificate, and no fact or circumstance has become known to the undersigned officer, that, individually or in the aggregate, has had or would reasonably be expected to have a material adverse effect on the business, operations, properties, assets, condition (financial or otherwise), or prospects of the borrower and its subsidiaries, taken as a whole.

For any event or condition so disclosed on Schedule A, the undersigned officer has prepared a description of the nature and timing of such event or condition and, to the extent reasonably ascertainable, an estimate of the effect thereof, and a copy of such description and estimate is included on Schedule A, it being understood that the absence of any such estimate shall not be deemed a failure to comply with this sentence if such estimate is not reasonably capable of being made at the time of delivery of this certificate.

To the knowledge of the undersigned officer, no change in accounting treatment or reporting practice has been adopted with respect to the borrower and its subsidiaries since the end of the fiscal period covered by this certificate that is not reflected in the financial statements delivered herewith, other than any change required by generally accepted accounting principles in the United States that has been previously disclosed in writing to the administrative agent.

The certifications set forth in this Section CX-02 are made as of the date of this certificate and are qualified by the knowledge of the undersigned officer after due inquiry, and nothing in this Section CX-02 shall be construed to impose any duty or obligation to conduct an independent investigation beyond reasonable inquiry of the responsible officers and employees of the borrower and its subsidiaries.

Officer's Certification Regarding Internal Controls. The undersigned officer of the Borrower, in such officer's capacity as a senior executive responsible for financial and accounting matters, hereby certifies to the Administrative Agent and the Lenders as follows, with the intent that such certification shall be relied upon as a condition to the continued availability of credit under the Credit Agreement.

Such officer has reviewed the consolidated financial statements of the Borrower and its Subsidiaries for the most recently completed fiscal quarter and the related consolidated financial statements for the portion of the fiscal year then ended. Based on that review, such officer has evaluated the effectiveness of the Borrower's disclosure controls and procedures and internal control over financial reporting as of the end of such fiscal quarter. Such evaluation was performed under the supervision of, and with the participation of, the Borrower's management, including such officer.

Such officer certifies that, to the best of such officer's knowledge, the Borrower's internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements in accordance with generally accepted accounting principles. No material weakness in the Borrower's internal control over financial reporting has been identified that has not been remediated or that continues to exist as of the date of this certificate, except as otherwise disclosed in writing to the Administrative Agent. No change in the Borrower's internal control over financial reporting has occurred during the fiscal quarter covered by this certificate that has materially affected, or is reasonably likely to materially affect, the

Borrower's internal control over financial reporting, except as otherwise disclosed in writing to the Administrative Agent.

Such officer further certifies that all significant deficiencies and material weaknesses in the design or operation of the Borrower's disclosure controls and procedures and internal control over financial reporting, and any fraud involving management or other employees who have a significant role in the Borrower's internal control over financial reporting, have been disclosed to the Borrower's independent auditors and to the audit committee of the Borrower's board of directors. The undersigned officer acknowledges that this certificate is being delivered in connection with the Borrower's obligations under the Credit Agreement and that the Administrative Agent and the Lenders are relying on the accuracy and completeness of the certifications set forth herein in determining continued compliance with the terms and conditions of the Credit Agreement.

This certification is made solely for the benefit of the Administrative Agent and the Lenders and may not be relied upon by any other person or entity. Nothing in this certification shall be construed to impose upon such officer any personal liability beyond the liability that such officer may have under the Credit Agreement or applicable law.

No Reliance on Prior Certificates. This Compliance Certificate is delivered solely in connection with the Credit Agreement, and all statements, information, and certifications contained in this Compliance Certificate speak only as of the date of this Compliance Certificate. Neither this Compliance Certificate nor any statement contained in it shall be deemed to be accurate, effective, or complete as of any later date, and no Person shall be entitled to treat this Compliance Certificate as a continuing certification or as a representation or warranty with respect to any date after the date of this Compliance Certificate.

No Person shall be entitled to rely on any Compliance Certificate previously delivered by any Loan Party or by any other Person in connection with the Credit Agreement, or on any statement contained in any such prior Compliance Certificate, as a basis for asserting or concluding that the matters set forth in that prior certificate are true, correct, or complete as of any date other than the date of that prior certificate. Each prior Compliance Certificate is a statement made only as of its own date and is not a continuing or repeated representation, warranty, certification, or acknowledgment with respect to any subsequent date.

The delivery of any prior Compliance Certificate shall not be deemed to have established a course of dealing, custom, practice, or usage among the Loan Parties, the Administrative Agent, or the Lenders, and shall not be deemed to have waived, cured, or remedied any Default or Event of Default, or any other breach of any Loan Document. No prior Compliance Certificate shall be deemed to have satisfied any condition to the effectiveness of any Loan Document, and no such prior certificate shall be construed as a representation by the Administrative Agent or any Lender that any of the matters stated in that prior certificate were accurate at the time of delivery or at any later time.

Nothing in this Section shall be construed to limit, impair, or otherwise modify any representation, warranty, covenant, condition, or other agreement set forth in the Credit Agreement or in any other Loan Document, and each Loan Document remains subject to its own terms and to the conditions to effectiveness specified in that Loan Document. No recipient of this Compliance Certificate shall be excused from performing its obligations, or from exercising its own judgment, by reason of any prior Compliance Certificate, and each such recipient remains

responsible for making its own independent assessment of the financial condition and compliance of the Loan Parties and of any other matter relating to the Credit Agreement.

Additional Detail Supporting the Annex A Instrument Balances. The instrument balances listed on Annex A shall be understood as the aggregate outstanding principal amount, together with any accrued and unpaid interest that has been capitalized, for each separate loan tranche, letter of credit, banker acceptance, or other credit extension made available under the Facility and outstanding as of the close of business on the last day of the relevant fiscal quarter or fiscal year, as applicable. Each balance is derived from the books and records of the Borrower and, where appropriate, the administrative agent ledger, with all amounts stated in the currency in which each such instrument is denominated and without any conversion to the Base Currency or any other reporting currency unless expressly required by the provisions of this Agreement. No balance appearing on Annex A shall be netted against any cash collateral account, deposit balance, investment account, or other credit or offset, unless such netting is expressly permitted and actually documented in a separate schedule attached to Annex A as described below.

For purposes of completing the detail requested in this Section, the Borrower shall cause each instrument balance to be supported by a reconciliation of all advances, repayments, prepayments, conversions, continuations, and interest rate selections that occurred during the applicable reporting period with respect to such instrument. The reconciliation shall be prepared on a trade-date basis and shall identify, for each instrument, the borrowing date, the stated maturity date, the applicable interest rate option, the length of the current interest period, the frequency of principal amortization or mandatory prepayment, and any commitment reductions or commitment terminations that affect the availability of undrawn amounts. Where an instrument is a letter of credit, the reported balance shall represent the maximum drawn and unpaid amount under such letter of credit including any amounts that have been paid by an issuing lender for the account of the Borrower and remain unreimbursed, and the detail shall separately state the available amount of any cash collateralization requirement, the identity of the beneficiary, the date of issuance and expiration, and the governing jurisdiction if the letter of credit is subject to a foreign law or practice.

Each instrument balance shall be classified on Annex A according to its recorded character as either a revolving loan, a swingline loan, a term loan, a delayed draw term loan, a letter of credit participation, or an acceptance under any letter of credit facility, and the supporting detail shall describe any sublimit applicable to such instrument, including the aggregate sublimit amount in words, the committed amount then in effect, and the unutilized portion.

In the case of any instrument that bears interest at a rate determined by reference to a benchmark rate, a base rate, a term rate, or a risk free rate, the supporting detail shall state the exact rate determination methodology and the rate index or screen quotation used as of the last day of the reporting period, but shall not require the computation or statement of any actual rate. The detail shall also indicate whether such instrument is subject to any interest rate floor, margin adjustment, or pricing grid, and shall identify each such feature by reference to the applicable Section of the Agreement without restating the numerical value of any floor or grid threshold.

Where any instrument balance is affected by a designation, election, or notice delivered by the Borrower during the reporting period, such as a request for a new borrowing, a conversion of an interest rate option, a prepayment, a commitment reduction, or a change in the borrowing base or any other eligibility criteria, the supporting detail shall identify the date and the applicable notice reference for each such designation, election, or notice. If any balance has

been adjusted as a result of an audit, a settlement, a final nonappealable judgment, a setoff, a netting agreement, a credit support arrangement, or the enforcement of any security interest, the detail shall describe the event, the date of such event, and the exact amount of the adjustment expressed in words, and shall state whether the adjustment has been recorded prospectively, retrospectively, or by a restatement of prior period amounts. The detail shall further identify any disputed amount, any amount subject to a bona fide claim or defense, and any amount for which the Borrower is undertaking a cure period or an extension of time to pay.

The Borrower shall present the supporting detail as a series of footnotes to Annex A, with each footnote numbered sequentially and cross referenced to the corresponding line item on Annex A. All amounts shown in such footnotes shall be stated in words and figures? Provided, however, that for purposes of this Section CX-05, amounts shall be stated entirely in words with no figures or numerals, and the same shall apply to any date, percentage, ratio, threshold, sublimit, or maturity. Each footnote shall include a statement of the accounting principle applied, which shall be generally accepted accounting principles in effect on the last day of the reporting period, or such other basis as the Borrower is required to use under the Agreement, and shall disclose any difference between the reported principal amount and the carrying value of the corresponding asset or liability on the Borrower's balance sheet, together with an explanation of any such difference arising from premium, discount, deferred financing costs, or accrued interest. To the extent that any instrument balance is attributable to more than one Lender, the supporting detail shall identify the aggregate amount attributable to each Lender or group of Lenders, and shall note any participation, assignment, or funding loss that occurred during the reporting period.

Nothing in this Section CX-05 shall be construed to require the inclusion, calculation, or restatement of any financial covenant, any coverage ratio, any leverage ratio, any fixed charge coverage ratio, any interest coverage ratio, or any similar measure of financial performance. The sole purpose of this Section and of Annex A is to present a complete and accurate inventory of all outstanding credit extensions and their supporting attributes as of the certification date.

The Borrower may, in its discretion, provide additional explanatory narrative in a separate addendum attached to the Compliance Certificate, provided that such addendum shall not alter the balances shown on Annex A and shall be clearly identified as additional supporting detail for the instrument balances. Any omission of a required detail item shall be accompanied by a written explanation of the reason for such omission and a cross reference to the location in the books or records of the Borrower where the omitted information may be found by the Administrative Agent or any Lender upon reasonable notice.

Additional Detail Supporting the Annex B Denominator Components. For purposes of computing the denominator of the Fixed Charge Coverage Ratio, each component shall be determined in accordance with the definition of Fixed Charge Coverage Ratio set forth in the Credit Agreement, applied on a consolidated basis for the Borrowers and their Subsidiaries for the most recently ended four consecutive fiscal quarters. The denominator shall include, without duplication, all fixed charges arising during such period, regardless of whether such charges were paid in cash, accrued as liabilities, or otherwise reflected in the consolidated statement of operations or statement of cash flows.

The principal component of the denominator shall be consolidated cash interest expense, including interest accrued on all outstanding indebtedness, any capitalized interest, the interest portion of any finance lease obligations, and all

fees, commissions, discounts, premiums, and other amounts payable in respect of letters of credit, bankers acceptances, and other similar instruments or arrangements that constitute interest equivalents. For any hedging arrangement or other derivative product, the net settlement payments or receipts shall be included in the calculation only to the extent such amounts represent interest expense or interest income, as applicable, and any such inclusion shall be applied consistently from period to period.

Also included in the denominator shall be scheduled principal payments on indebtedness that are required to be made during the applicable period, whether by mandatory amortization, mandatory redemption, mandatory prepayment, or otherwise, excluding any such payments that are contingent on the occurrence of an event or condition that did not and could not reasonably have been anticipated to occur during such period. For any revolving credit facility or delayed draw term loan, only the regularly scheduled reductions in commitments that are not accompanied by a corresponding ability to reborrow shall be treated as scheduled principal payments.

Any dividends or distributions declared or paid on any preferred equity securities of any Borrower that are subject to mandatory redemption or mandatory repurchase, and any cash dividends or distributions restricted by the terms of the Credit Agreement or any other material indebtedness, shall likewise be counted as a fixed charge in the denominator to the extent such dividends or distributions are or were required to be made during such period. The denominator shall not include any noncash items, any charges attributable to the early extinguishment of indebtedness, any make-whole or prepayment penalties, or any such expenses that are directly reimbursed by a third party.

For the avoidance of doubt, the denominator shall be calculated before giving effect to any deduction for depreciation, amortization, or impairment of any asset, and before giving effect to any adjustment for minority interest, equity method investments, or any noncontrolling ownership share. All amounts shall be derived from the consolidated financial statements of the Borrowers and reconciled to the corresponding line items in such financial statements. If any component of the denominator is not separately presented in the financial statements, the Compliance Certificate shall include a supplemental schedule setting forth such component in reasonable detail and identifying the underlying accounts from which such amount was derived, together with a brief narrative explanation of the methodology used to calculate such component in accordance with the Credit Agreement.

Reconciliation to the Financial Statements Delivered Under Section 5.01. The consolidated balance sheet, statements of operations, statements of comprehensive income, statements of cash flows, and statements of changes in equity, together with the notes thereto, delivered by the Borrower to the Administrative Agent pursuant to Section 5.01(b) with respect to the fiscal quarter and the portion of the fiscal year ended as of the date of the accompanying Compliance Certificate are the basis for the financial covenant calculations set forth in the Credit Agreement. No amounts have been included in, or excluded from, such financial statements for purposes of those calculations except for those adjustments, eliminations, and reconstituting entries specifically described in Schedule A to this Certificate or in the footnotes to the computations set forth in Part I of this Certificate.

The attached reconciliation sets forth, in columnar form, each line item from the audited or unaudited financial statements, as applicable, that has been carried over, adjusted, or eliminated in deriving each component of the financial covenant calculations. For each component, the reconciliation identifies the source financial statement line

item or note disclosure, the adjustment made, and the resulting component amount used in the covenant computation, without modifying or restating the amounts reported in the financial statements delivered under Section 5.01.

For purposes of this Section CX-07, a reconciliation item is treated as identified only if it is described with sufficient specificity to permit the Administrative Agent to trace such item to the applicable financial statement line item and to the related note to such financial statements. Any amount shown as an adjustment in the reconciliation is stated as a positive or negative value, as applicable, and no adjustment is presented as a netting of two or more dissimilar items unless the individual components of such adjustment are separately identified in the footnotes to the reconciliation.

The Borrower hereby confirms that the reconciliation has been prepared in good faith based on the books and records of the Borrower and its restricted subsidiaries and in accordance with the requirements of the Credit Agreement. Nothing in this Section CX-07 shall be construed to supersede, amend, or supplement any definition, covenant, or other provision of the Credit Agreement, and any conflict between this Section CX-07 and the Credit Agreement shall be resolved in favor of the Credit Agreement.

Defined Term Cross-Reference. The term Credit Agreement as used in this Compliance Certificate means the credit agreement described in the preamble to this Compliance Certificate, as amended, restated, amended and restated, extended, supplemented, or otherwise modified from time to time. Capitalized terms used in this Compliance Certificate and not otherwise defined in this Compliance Certificate have the meanings assigned to such terms in the Credit Agreement.

Unless otherwise expressly defined in this Compliance Certificate, each capitalized term used in this Compliance Certificate that is defined in the Credit Agreement shall have, for all purposes of this Compliance Certificate, the same meaning as set forth in the Credit Agreement, including any definitions incorporated by reference into the Credit Agreement. All references to sections, clauses, schedules, and exhibits in this Compliance Certificate shall be deemed to refer to sections, clauses, schedules, and exhibits of the Credit Agreement, unless the context otherwise requires.

The section references set forth in the headings and columns of this Compliance Certificate are to the sections of the Credit Agreement in which the relevant terms are defined or the relevant provisions appear, and such references are included for convenience only. In the event of any conflict between any such section reference and the text of the Credit Agreement, the text of the Credit Agreement shall govern. The inclusion of a cross-reference in this Compliance Certificate shall not expand, limit, or otherwise alter the meaning of any defined term, and the omission of a cross-reference shall not be construed to suggest that any term is not defined in the Credit Agreement or that a different meaning is intended.

For purposes of determining compliance with the financial covenants set forth in the Credit Agreement, the definitions of financial and accounting terms set forth in the Credit Agreement are incorporated into this Compliance Certificate by reference. Any term used in this Compliance Certificate that is defined in the Credit Agreement by reference to generally accepted accounting principles shall be applied in a manner consistent with the application of such principles in the Credit Agreement. No cross-reference contained in this Compliance Certificate shall be

deemed a modification, amendment, or waiver of any provision of the Credit Agreement, and this Compliance Certificate shall be construed in a manner consistent with the Credit Agreement.

Nothing in this Compliance Certificate shall be deemed to restate or supersede the definitions of terms contained in the Credit Agreement. The cross-references in this Compliance Certificate are not exhaustive, and in the event any term used in this Compliance Certificate is defined in more than one location in the Credit Agreement, each such location shall be deemed a cross-reference for purposes of this section.

Notice of No Waiver. The delivery of this Compliance Certificate to the Administrative Agent and the Lenders is solely for informational purposes in connection with the Credit Agreement and shall not, and shall not be deemed to, waive, release, relinquish, or impair any right, power, claim, or remedy of the Administrative Agent or any Lender under the Credit Agreement, any other Loan Document, or applicable law. No acceptance of this Compliance Certificate by the Administrative Agent or any Lender, and no review or audit of the books, records, or affairs of the Borrower or any other Obligor by or on behalf of the Administrative Agent or any Lender, shall constitute a waiver of any Default or Event of Default or a consent to any transaction, and neither the Administrative Agent nor any Lender shall be under any obligation to notify the Borrower or any other Obligor of any Default or Event of Default or to take any action or refrain from taking any action with respect to any Default or Event of Default. The Borrower and each other Obligor, by delivering this Compliance Certificate, expressly reserve to the Administrative Agent and each Lender all rights and remedies available under the Credit Agreement, the other Loan Documents, and applicable law.

Nothing contained in this Compliance Certificate, including any computation, statement, or representation with respect to any covenant or condition, shall be construed as an admission, by the Borrower or any other Obligor, of any liability or noncompliance, or as an acknowledgment that any Default or Event of Default has occurred or is continuing, or as a waiver of, or an agreement to waive, any condition precedent to the availability of any extension of credit under the Credit Agreement. This Compliance Certificate is delivered with the express understanding that the Administrative Agent and each Lender retain the right to require strict compliance with every term, covenant, condition, and provision of the Credit Agreement and the other Loan Documents, and no course of dealing, course of performance, or trade practice shall be implied from the delivery, acceptance, or review of this Compliance Certificate or any related information. This Compliance Certificate does not, and shall not be deemed to, amend, supplement, or otherwise modify the Credit Agreement or any other Loan Document.

Any waiver, consent, approval, or amendment purportedly made or granted by the Administrative Agent or any Lender shall be effective only if it is in writing, is signed by the party or parties to be charged with such waiver, consent, approval, or amendment, and specifically refers to the Credit Agreement and the particular provision or matter to which it relates. A waiver on one occasion shall not constitute a waiver on any subsequent occasion, shall not constitute a continuing waiver, and shall not be deemed to cure or waive any Default or Event of Default or any breach of any representation, warranty, covenant, or condition, except only to the extent set forth in such writing. No failure or delay by the Administrative Agent or any Lender in exercising any right or remedy shall operate as a waiver thereof, and no single or partial exercise of any right or remedy shall preclude any other or further exercise of such right or remedy or the exercise of any other right or remedy.

The Administrative Agent and each Lender expressly reserve all rights, privileges, protections, and remedies afforded to them by the Credit Agreement, the other Loan Documents, and applicable law, including the right to declare all or any portion of the Obligations immediately due and payable, to exercise any rights and remedies against any collateral, and to take any other action permitted under the Credit Agreement, the other Loan Documents, or applicable law, whether or not any such right or remedy is exercised in connection with, or with respect to, any matter disclosed in this Compliance Certificate. The rights and remedies of the Administrative Agent and the Lenders under the Credit Agreement and the other Loan Documents are cumulative and may be exercised singly or concurrently, and are in addition to all rights and remedies available under applicable law.

Delivery and Retention. The Borrower shall deliver this Compliance Certificate, together with each attachment and schedule required by the Credit Agreement, to the Administrative Agent for distribution to each Lender in accordance with the notice provisions of the Credit Agreement. Unless a different date is specified in the Credit Agreement, delivery shall be made no later than forty-five days after the end of each fiscal quarter of the Borrower. Delivery of an executed copy by electronic mail or by posting to the electronic platform designated by the Administrative Agent shall be effective upon the Administrative Agent's receipt of a complete and legible copy, and no separate original paper copy shall be required.

The Borrower and each other Loan Party shall retain, for a period of not less than five years after the date of delivery of this Compliance Certificate, a true, complete, and legible copy of this Compliance Certificate and all books, records, worksheets, schedules, computations, and other supporting documents used in preparing the certifications and information contained in this Compliance Certificate. Upon reasonable notice and during normal business hours, the Borrower and each other Loan Party shall make those records available for review and copying by the Administrative Agent, any Lender, and their respective officers, employees, auditors, and other authorized representatives, subject to the confidentiality provisions of the Credit Agreement and applicable law.

The Administrative Agent and each Lender may retain a copy of this Compliance Certificate in their records and may use and rely on this Compliance Certificate, and the information contained in it, in connection with the administration of the Credit Agreement and the other Loan Documents, any amendment or waiver, and any enforcement or other proceeding. No retention, use, or reliance by the Administrative Agent or any Lender shall waive, impair, or otherwise affect any right or remedy of the Administrative Agent or any Lender under the Credit Agreement or any other Loan Document, nor shall it relieve the Borrower or any other Loan Party of any obligation, representation, warranty, covenant, or liability under any Loan Document.

All capitalized terms used but not defined in this Compliance Certificate have the meanings assigned to such terms in the Credit Agreement. This Compliance Certificate sets forth the financial data, covenant calculations, and other information required by the Credit Agreement, including, where applicable, the Fixed Charge Coverage Ratio. All certifications, statements, and information contained in this Compliance Certificate are true, correct, and complete in all material respects as of the date stated below. The Borrower shall promptly deliver to the Administrative Agent, for distribution to each Lender, a corrected or supplemental Compliance Certificate if any information contained in this Compliance Certificate becomes inaccurate or incomplete in any material respect, and such corrected or supplemental Compliance Certificate shall be subject to this Section and shall supersede any prior Compliance

Certificate.

**SCHEDULE II. FIXED CHARGE COVERAGE RATIO**

Numerator (Consolidated EBITDA above, minus Unfunded Capital Expenditures): as set forth in full on Annex B to this Schedule II, below.

Denominator (Consolidated Interest Expense, Scheduled Principal Payments, Cash Taxes Paid, and Restricted Payments consisting of Cash Dividends Paid): as set forth in full on Annex B to this Schedule II, below.

Fixed Charge Coverage Ratio: tested against the 1.25 to 1.00 minimum required under Section 6.02.

Based on the foregoing calculation, the Borrower certifies that it is in compliance with Section 6.02 as of the date of this certificate.

**ANNEX B TO SCHEDULE II. FIXED CHARGE COVERAGE RATIO ("FCCR") NUMERATOR AND DENOMINATOR**

This Annex B sets forth, line by line, the numerator and each of the four denominator components of the Fixed Charge Coverage Ratio ("FCCR") referenced in Schedule II above, computed in accordance with the Fixed Charge Coverage Ratio definition in Section 1.01 of the Credit Agreement.

Numerator. The Adjusted EBITDA figure set forth in Schedule I above, minus Unfunded Capital Expenditures for the applicable period, as set forth in the Borrower's capital expenditure budget delivered pursuant to Section 5.24 of the Credit Agreement (no fact-base figure for Unfunded Capital Expenditures is available as of the date of this draft; the applicable-period figure will be inserted upon finalization).

| Denominator Component | Amount |
|---|---|
| Consolidated Interest Expense | 15,700,000.00 |
| Scheduled Principal Payments | 0.00 |
| Cash Taxes Paid | $_____ (no fact-base figure; to be completed from the Borrower's tax payment records for the applicable period) |
| Restricted Payments (Cash Dividends Paid) | 0.00 |

The FCCR denominator above reflects the Credit Agreement's own defined components (Fixed Charge Coverage Ratio definition, Section 1.01); this Annex does not assume the textbook FCCR formula.

**SCHEDULE III. CHANGE OF CONTROL FINANCING NOTE**

Change-of-Control note: management has excluded the change-of-control put repurchase amount from the pro forma committed financing sources and uses, on the basis that the make-whole redemption amount exceeds the 101% put repurchase amount and no rational Holder is therefore expected to tender. This note is included in this draft certificate for the Administrative Agent's informational awareness; it is not itself a covenant computation and does not affect the Schedule I or Schedule II calculations above.

This certificate is delivered as of the date set forth below and is subject to final review by outside counsel and the Borrower's audit committee prior to execution and delivery to the Administrative Agent.

Reliance. The Administrative Agent and the Lenders are entitled to rely on this certificate without independent investigation or verification of the calculations set forth in Schedules I and II and Annexes A and B, notwithstanding that this certificate is circulated in draft form for internal review prior to execution. The Borrower acknowledges that any material inaccuracy in the calculations set forth herein, if discovered after delivery of an executed certificate, may itself give rise to a Default under Section 4.01(b) of the Credit Agreement (inaccurate representation),

independent of whether the underlying covenant is in fact breached.

IN WITNESS WHEREOF, the undersigned has executed this certificate as of the date set forth in the signature block below.
