OFFICERS' CERTIFICATE

This Officers' Certificate is delivered as of 15 June 2023 by the undersigned officers of the Issuer, pursuant to Section 2.02 of the Indenture, dated as of 15 June 2023, between the Issuer and Wilmington Trust, National Association, as trustee (the "Trustee"), establishing the terms of the series of Notes described below. Capitalized terms used but not defined in this certificate have the meanings assigned to them in the Indenture.

The undersigned, being the duly elected, qualified, and acting Chief Executive Officer and the duly elected, qualified, and acting Chief Financial Officer of the Issuer, DO HEREBY CERTIFY, in their respective capacities and not individually, on behalf of the Issuer and not in their own individual capacities, as follows:

1. TITLE, PRINCIPAL AMOUNT AND ISSUE DATE OF THE NOTES

1.01. The series of Notes established by this certificate is titled the "7.750% Senior Notes due 2031" (the "Notes").

1.02. The aggregate principal amount of Notes authenticated and delivered under the Indenture on the Issue Date is 175,000,000.00 Dollars.

1.03. The Issue Date of the Notes, as that term is defined in the Indenture, is 15 June 2023.

1.04. The Notes will be issued only in the United States pursuant to Rule 144A under the Securities Act of 1933, as amended (the "Securities Act"), and outside the United States pursuant to Regulation S under the Securities Act, in each case as contemplated by the Note Purchase and Registration Rights Agreement; the Notes have not been, and will not be, registered under the Securities Act or any state securities laws, except as contemplated by the registration rights provisions of the Note Purchase and Registration Rights Agreement.

1.05. The net proceeds of the issuance of the Notes will be applied by the Issuer as described in the Note Purchase and Registration Rights Agreement; this certificate does not itself restate that application.

2. STATED MATURITY AND INTEREST RATE OF THE NOTES

2.01. The Stated Maturity of the Notes, as that term is defined in the Indenture, is 15 June 2031.

2.02. The Notes bear interest at the rate of 7.750% per annum, computed on the basis of a 360-day year of twelve 30-day months, payable semiannually in arrears on June 15 and December 15 of each year, commencing on the first such date following the Issue Date, to Holders of record on the applicable regular record date.

3. NO OTHER SERIES OF NOTES OUTSTANDING

3.01. No Notes of any other series have been authenticated and delivered under the Indenture as of the Issue Date, and the Notes described in this certificate constitute the entire initial issuance under the Indenture.

3.02. The Issuer may from time to time, without the consent of the Holders, issue additional Notes under the Indenture having identical terms to the Notes described in this certificate, other than issue date, issue price, and, if applicable, the first interest payment date, in accordance with Section 2.02 of the Indenture; any such additional Notes will be established by a separate officers' certificate delivered under that Section and will not amend or supersede this certificate.

4. OPTIONAL REDEMPTION OF THE NOTES

Pursuant to Article 3 of the Indenture (Optional Redemption), the Issuer may redeem the Notes, in whole or in part, at its option, at the redemption prices (expressed as a percentage of principal amount) set forth in the step-down call schedule below, plus accrued and unpaid interest to, but excluding, the applicable redemption date, if redeemed

during the twelve-month period beginning on the date set forth opposite each such redemption price below:

Redemption Date	Redemption Price (% of Principal Amount)
15 June 2027	103.875%
15 June 2028	101.938%
15 June 2029	100.969%
15 June 2030	100.000%

4.01. On or after 15 June 2030 (the "Par Call Date"), the Issuer may redeem the Notes, in whole or in part, at a redemption price equal to 100.000% of the principal amount thereof, plus accrued and unpaid interest to, but excluding, the applicable redemption date.

4.02. Prior to the first redemption date set forth in the step-down call schedule above, the Issuer may redeem the Notes, in whole or in part, at a redemption price equal to 100.000% of the principal amount thereof plus the Applicable Premium as of, and accrued and unpaid interest to, but excluding, the applicable redemption date. The Applicable Premium is calculated by reference to the Treasury Rate for the correspondingly-dated United States Treasury security plus 50 basis points, in accordance with the Applicable Premium definition in Article 3 of the Indenture; this certificate does not itself compute an Applicable Premium for any particular redemption date.

4.03. In the event of a partial redemption, Notes to be redeemed will be selected by the Trustee in accordance with the procedures of DTC, or, if the Notes are not then held through DTC, by lot or by such other method as the Trustee deems fair and appropriate, in accordance with Section 3.03 of the Indenture.

4.04. The Issuer will give notice of any optional redemption not less than ten nor more than sixty days prior to the redemption date, in accordance with Section 3.04 of the Indenture; notice of redemption may be conditional on one or more conditions precedent, including the completion of a related financing, in accordance with that Section.

5. CHANGE OF CONTROL REPURCHASE OFFER

5.01. Upon the occurrence of a Change of Control that also constitutes a Rating Event, as each such term is defined in the Indenture, the Issuer is required to offer to repurchase the Notes at a purchase price equal to 101% of the principal amount thereof, plus accrued and unpaid interest to, but excluding, the date of repurchase, in accordance with Article 3 of the Indenture. This certificate does not itself state whether any Change of Control or Rating Event has occurred as of the date hereof.

5.02. The double-trigger structure described in paragraph 5.01 above - a Change of Control alone does not obligate the Issuer to make a repurchase offer absent an accompanying Rating Event within the window specified in the Indenture's own Rating Event definition - is a term of the Notes established by this certificate and by the Indenture, and is not restated in full in this certificate; the Indenture's own Rating Event definition governs in the event of any inconsistency.

5.03. The Issuer will mail a Change of Control offer notice to each Holder within thirty days following any Change of Control that also constitutes a Rating Event, describing the transaction that constitutes the Change of Control and offering to repurchase the Notes on the date specified in the notice, which date shall be no earlier than thirty and no later than sixty days from the date such notice is mailed, in accordance with Section 3.09 of the Indenture.

6. FORM OF THE NOTES; DENOMINATIONS

6.01. The Notes will initially be represented by one or more global notes in fully registered form without coupons, deposited with, or on behalf of, The Depository Trust Company ("DTC"), and registered in the name of DTC or its

nominee, in accordance with Section 2.03 of the Indenture. Beneficial interests in the global notes will be shown on, and transfers thereof will be effected only through, records maintained by DTC and its participants.

6.02. The Notes will be issuable in minimum denominations of two thousand Dollars and integral multiples of one thousand Dollars in excess thereof.

6.03. The Notes will be issued in the form of Rule 144A Global Notes and Regulation S Global Notes, each substantially in the form attached as Exhibit A to the Indenture, and will bear the restrictive legends set forth in Section 2.06 of the Indenture.

7. SECURITY STATUS AND GUARANTEES OF THE NOTES

7.01. The Notes are not subject to any sinking fund. The Notes do not have the benefit of any Lien on any property of the Issuer or any Restricted Subsidiary as of the Issue Date, and, except as may arise under the equal and ratable sharing covenant described in Article 4 of the Indenture, are not expected to become secured while outstanding.

7.02. The Notes are guaranteed on an unsecured, unsubordinated basis by each Restricted Subsidiary that guarantees the Credit Agreement, in accordance with Article 11 of the Indenture; the form of Notes Guarantee is attached to the Indenture as Exhibit B.

7.03. This certificate does not itself state whether the Notes have been assigned a rating by any rating agency; any such rating, if obtained, is reported separately and does not affect the terms of the Notes established by this certificate.

8. AUTHORIZATION AND NO DEFAULT UNDER THE INDENTURE

8.01. The issuance of the Notes on the terms set forth in this certificate has been duly authorized by resolutions of the Issuer's board of directors, a copy of which is attached to this certificate as Exhibit A.

8.02. No Default or Event of Default has occurred and is continuing under the Indenture as of the date of this certificate.

8.03. The Issuer is Solvent as of the date of this certificate and after giving effect to the issuance of the Notes and the application of the net proceeds thereof as described in the Note Purchase and Registration Rights Agreement, meaning that (a) the fair value of the Issuer's assets exceeds its total liabilities, including contingent liabilities, (b) the present fair saleable value of the Issuer's assets is greater than the amount that will be required to pay its probable liabilities on its existing debts as they become absolute and matured, and (c) the Issuer does not intend to, and does not believe that it will, incur debts beyond its ability to pay such debts as they mature.

8.04. There is no action, suit, or proceeding pending or, to the knowledge of the undersigned, threatened against the Issuer that questions the validity of the Indenture or the Notes.

8.05. Each of the undersigned is duly elected, qualified, and acting in the office set forth below such officer's signature, and is authorized to execute and deliver this certificate on behalf of the Issuer.

8.06. This certificate is delivered to the Trustee in satisfaction of the conditions to the Trustee's authentication of the Notes set forth in Section 2.02 of the Indenture, and the Trustee is entitled to rely on this certificate, without independent investigation, as conclusive evidence of the matters certified above.

The undersigned acknowledge that the Trustee is relying, and is entitled to rely, on this certificate in authenticating the Notes and in performing its other duties under the Indenture, and that any material inaccuracy in this certificate,

if discovered after the Issue Date, does not itself relieve the Issuer of its obligations under the Notes or the Indenture.

IN WITNESS WHEREOF, the undersigned have executed this certificate as of 15 June 2023.
