SELWYN RESOURCES — FUEL MIX STATEMENT

Fossil fuel product sales in state, June 2020 - June 2025

Submitted in response to the request of the Office of the Attorney General. Products are classified in accordance with the definition of Fossil Fuel Products in the Act.

Product	Share of in-state sales (%)	In-state sales, window ($M)	Basis of measurement
Oil and refined products	70.0	171.5	invoiced volume x price
Natural gas	30.0	73.5	metered volume x tariff
Coal	0.0	0.0	no registered coal sales

The mix has been broadly stable, moving by less than three percentage points. The company does not sell coal in Arden, nor does it hold any coal supply contracts. Product was delivered through 32 points of receipt.

Volumes are as recorded in the billing system of the company. Percentages may not sum exactly, owing to rounding.
