ARDENPORT PORT AUTHORITY — ANNUAL REPORT

Most recent completed year

CARGO

The Authority handled 7 million metric tons across 356 vessel calls. Containerised cargo was 250,771 twenty-foot equivalent units, up 6.7 per cent.

COMMODITY SCHEDULE

The Authority's tariff schedule provides for petroleum products, liquefied gases, break bulk, project cargo, aggregates, scrap metal, forest products and containerised cargo. The schedule does not include coal and the Authority has no coal handling facility.

CRUISE

45 cruise calls brought 123,906 passengers.

CAPITAL

The Authority completed $131 million of work including berth deepening and 7 new cranes. Storm hardening of the outer breakwater remains unfunded and is estimated at $139 million.

Audited financial statements are appended to the printed report.
