# ORRICK FUEL PARTNERS — FUEL MIX STATEMENT

In-state sales of fossil fuel products, June 2020 - June 2025

Provided to the Office of the Attorney General in response to its request. The classification of products follows the definition of Fossil Fuel Products in the Act.

| Product | Share of in-state sales (%) | In-state sales, window ($M) | Basis of measurement |
|---|---|---|---|
| Oil and refined products | 100.0 | 205.0 | invoiced volume x price |
| Coal | 0.0 | 0.0 | no registered coal sales |

*The mix was stable from the beginning to the end of the period. The company does not sell coal in Arden and holds no contracts for the supply of coal. Deliveries were routed through 30 points of receipt.*

*Volumes are as recorded in the company's billing system. Percentages may not sum exactly due to rounding.*
