ARDEN COASTAL GAS COMPANY — STATEMENT OF PRODUCT MIX

In-state sales of fossil fuel products, June 2020 - June 2025

This statement is furnished at the request of the Office of the Attorney General. Product classification follows the definition of Fossil Fuel Products in the Act.

Product	Share of in-state sales (%)	In-state sales, window ($M)	Basis of measurement
Natural gas	100.0	4,940.0	metered volume x tariff
Coal	0.0	0.0	no registered coal sales

The mix has been subject to a gradual shift toward gas. The company neither sells coal in Arden nor holds coal supply contracts. The company's deliveries were made through 27 points of receipt.

The volumes reported above are as recorded in the company's billing system. Percentages may not sum exactly because of rounding.
