ARDEN CLIMATE COALITION: SIGN IT

For immediate release — 23 August 2025

Tonight the Legislature did what three years of storms told it to do. The Coalition thanks the sponsors and the members who held the line.

We now ask the Governor to sign without delay. Every week of delay is a week in which the money is not there and the next storm is closer.

We are aware of the argument that the bill should be returned for drafting amendments. We do not accept it. The Legislature has adjourned. Returning the bill does not produce a better bill; it produces no bill until next year.

The Coalition's volunteers have logged 24,158 hours in flood recovery since 2021. They did not do it so that this could be sent back over punctuation.

The Arden Climate Coalition is a membership organisation of ninety-four local groups.
