ARDEN DEPARTMENT OF TRANSPORTATION — SIX-YEAR CAPITAL PLAN

Summary of programmed work

PROGRAMME

The plan programmes $3,482 million over six years across 239 projects. 53.1 per cent is resurfacing and bridge preservation, 26.0 per cent capacity, and the balance transit, ports and rail.

BRIDGES

108 bridges are rated structurally deficient. The plan addresses 47 of them. Average age of the State's bridge stock is 59 years.

COASTAL ROADS

17 segments of coastal highway are subject to tidal flooding at spring tides. The plan programmes raising 7 of them. The Department notes that the remaining segments would be candidates for any resilience programme funded outside this plan.

FUNDING

55.4 per cent federal, 36.6 per cent state motor fuel tax and registration, the balance bonds. The Department notes that motor fuel tax receipts have tracked pump prices in nominal terms.

The plan is revised annually and is not an appropriation.
