OFFICE OF THE ATTORNEY GENERAL — INTERNAL MEMORANDUM

To: Assistant Solicitor General

From: Solicitor General

Date: 26 August 2025

Re: Climate Resilience Funding Act — constitutional review

The Governor's letter is attached. You have the file. Two things about how I want this done.

First, every figure in your memorandum must be one you can show me the arithmetic for. The Fiscal Office numbers are in the file but I am not willing to rely on them without checking the base they were computed on. Where you use a figure, list the computation on the worksheet with the provision it bears on.

Second, tie each conclusion to a section number. The Governor may strike or amend individual provisions; a memorandum that says the bill as a whole is at risk is of no use to him. If your recommendation is an amendment, draft it.

Use the worksheet template in this folder. Do not change its columns; the review of your work will be done against it.

Deadline: 4 September, so that the Governor has a day in hand.
